

WDM SFP 1000Base-LX Singlemode, 20KM, HP compatible

DESCRIPTION

Lightwin High Quality Singlemode WDM SFP with lifetime guarantee and important advantages compared to alternative no name modules. Gigabit transmission through WDM technology over one fiber!

Lightwin WDM SFPs have a special chip installed and, in combination with the specially selected laser, impress with their significantly longer service life. All Lightwin SFP models support DDM technology and have an extended temperature range for industrial grade applications.

FEATURES

- Transmission: Singlemode WDM
- Data rate: 1.25Gb/s
- Wavelength:
- TX: 1550nm
- RX: 1310nm
- Distance: 20km
- Connector: LC
- High Quality modules
- Industrial Grade
- 100% tested

WDM SFP 1000Base-LX Singlemode, 20KM, HP compatible

PRODUCT FEATURES

| | |
|-----------------------|-------------------------|
| Connector | LC |
| Coding | HP |
| Data Rate | 1.25 Gb/s |
| Distance | 20 km |
| Product Family | Gigabit WDM SFP |
| RX Wavelength | 1310 nm |
| TX Wavelength | 1550 nm |
| Transmission | Singlemode WDM |
| EAN Code | 9120064018443 |
| Weight | 0.02 kg |
| PRODUCT NUMBER | LSFP-WDM-LB20-HP |
