

14 Slot 19" Mediaconverter Chassis for Lightwin converter

DESCRIPTION

Lightwin chassis offer the professional alternative to several standalone converters in a 19" cabinet. Thanks to the redundant power supply and 2 fans per chassis, this product offers a fail-safe solution.

FEATURES

- High quality 19" Rack-Mountable Chassis installation
- Supports up to 14 modular media converters
- Two fans brings the air-flow for system cooling, and LED indicators for system and fan status
- Bay power isolation, ensure each bay is electrically isolated from each other
- Support multiple converters - 10/100/1000Mbps, copper, Fiber, single/multi-mode (all Lightwin® LWC Media Converter)
- Reduce the effort of converter maintenance and management, diagnose the status at one time
- Cost-effective, easy install
