Delivering Superior Situational Awareness with Smart Analytics Powered by Motorola Solutions

The Pelco Fisheye Camera features built-in AI-powered Pelco Smart Analytics which detect critical events and help increase security teams' productivity by expediting real-time responses and forensic investigations. This new panoramic camera is a cost-effective and easy-to-install solution that provides 360 degree views of large areas from a single vantage point, bringing superior situational awareness free from any blind spots. With a sleek, low-profile design the fisheye camera provides a discreet video security solution. Facilities such as schools, retailers, commercial buildings, casinos, hotels and airports or train platforms can also leverage the camera's high-resolution video to observe daily activities and optimize operational efficiencies. The Pelco Fisheye Camera includes a 5-year, industry-leading warranty.

BUILT-IN ANALYTICS

Brings higher accuracy, detection and classification of people and objects through Pelco Smart Analytics.

ADAPTIVE IR TECHNOLOGY¹

Provides security detail in total darkness even as objects approach the camera.

VANDAL & WATER-RESISTANT

Rated IK10 for vandal resistance and IP66/67 Type 4X for water resistance¹, enabling use in harsh environments.

360 DEGREE PANORAMIC VIEWS

Provides 360 degree coverage from a single vantage point requiring fewer cameras.

PELCO SMART COMPRESSION TECHNOLOGY

Reduces bandwidth and storage needs with Pelco Smart Compression technology without compromising image quality.

ONVIF COMPLIANT

Enables connectivity to Pelco VideoXpert® and other leading Video Management Systems and is ONVIF Profile S, G and T compliant.

WIDE DYNAMIC RANGE

Captures detail in scenes with both very bright and very dark areas to maximize image quality.

SLEEK, LOW-PROFILE & EASY-TO-INSTALL

Offers a discreet video security solution with a paintable front plate² that can blend in with interior aesthetics, with quick and simple installation.

AUDIO RECORDING

Offers optional audio recording capability for additional evidentiary detail with a built-in microphone.

¹ Available on surface mount only. ² Available on in-ceiling mount only.
